1. On 1954, the Schuetzen Kaserne (4342) in Eberswalde was occupied to capacity by about 3,400 troops, including the headquarters. Troops wearing red-bordered black epaulets were seen in the west section of the installation, and troops wearing red-bordered black epaulets with artillery insignia were seen in the east section. On , about 120 troops received basic drill at the drill ground, while about 20 troops wearing red-bordered black epaulets with artillery insignia entered the east section of the installation from the AAA emplacement south of the cemetery. Between intensive firing was almost daily heard from the firing range east of Trammer Chaussee and noise of battle was heard from the Trampe training area. On , about 60 to 70 troops engaged in maintenance work at the ordnance shop, while a total of about 600 troops engaged in fatigue duty and polishing of quarters.

2. On , the Artillerie Kaserne (4341) was occupied to capacity by about 4,000 troops. On a column left the barracks installation four or five times toward Finow and, after some time, returned filled to the installation. On noise of work and engines was heard from the sheds. About 20 troops with submachine guns and practice targets entered the east section of the installation, coming from the training area northeast of the installation.

3. On the cantonment on Breidscheit Strasse (4301) was occupied as previously by about 500 troops. Intensive traffic and 27 trucks were observed in the camp. 1

4. On the cantonment on Breidscheit Strasse (4301) was occupied to capacity by about 800 to 900 troops. At about 10 a.m. on a column of trucks towing 8 x 37-mm AA guns

5.
